DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Tuesday, 19 March 2024 at 05:30 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: A rather breezy start for some on Tuesday with early rain clearing, followed by sunshine and showers. This will ensure air pollution remains Low across the UK.

Tomorrow: Further rain across much of the UK on Wednesday will help to keep air pollution levels Low.

Outlook: Low levels are expected to continue across the UK through the outlook period. However, the odd pocket of Moderate cannot be completely ruled out across Scotland on Thursday or Friday.
